All members are requested to register their e-mail addresses for receiving all communication including Annual Report, Notices, Circulars, etc. electronically.
- m. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in dematerialized form are, therefore, requested to submit their PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN to the Company/ Registrar and Share Transfer Agents viz. Link Intime India Private Limited.
- n. Pursuant to the provision of Section 72 of the Act, the facility for making nomination is available for the Members in respect of shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No.SH-13. Members holding shares in physical form may submit the same to the Company / Link Intime India Private Limited. Members holding shares in dematerialized form may submit the same to their respective depository participant.
- o. For Members who have not registered their email address with the Company / Depository, the physical copy of the Annual Report for the financial year 2018-19 and Notice of the 98th Annual General Meeting of the Company, *inter alia*, indicating the process and manner of e-voting along with Attendance Slip and Proxy Form is being sent through the permitted mode.
- p. Pursuant to Section 101 and Section 136 of the Companies Act, 2013 read with Companies (Management and Administration) Rules, 2014, Companies can serve Annual Report and other communications through electronic mode to those Members who have registered their e-mail address either with the Company or with the Depository Participant. Members holding shares in physical form, who have not registered their e-mail address with the Company, are requested to submit their request with their valid e-mail address to Company/ Registrar and Share Transfer Agents viz. Link Intime India Private Limited. Members holding shares in dematerialised form are requested to register / update their e-mail address with their Depository Participant directly. Members of the Company, who have registered their e-mail address, are entitled to receive such communication in physical form upon request.

Accordingly, electronic copy of the Annual Report for the financial year 2018-19 and Notice of the 98th Annual General Meeting of the Company *inter alia* indicating the process and manner of e-voting along with Attendance Slip and Proxy Form is being sent to all the Members whose email address are registered with the Company / Depository for communication purposes unless any Member has requested for a hard copy of the same. Even after registering for e-communication, Members are entitled to receive the same in physical form, upon making a request in this regard, by post at free of cost. For this purpose, the Members may also send requests to the designated e-mail address i.e. dgokhale@dmcc.com.

- q. Voting through electronic means: In compliance with the provisions of Section 108 of the Act and the Rules framed thereunder, the Members are provided with the facility to cast their vote electronically through the e-voting services provided by the Central Depository Services (India) Limited (CDSL), on all resolutions set forth in this Notice.
- r. Copies of the Balance Sheet, Statement of the Profit and Loss, the Director’s Report, the Auditor’s Report and every other document required by law to be annexed or attached to the Balance Sheet for the financial year ended March 31, 2019 are annexed / attached.

- s. The Members may also note that the Notice of the 98th Annual General Meeting (AGM) and the Annual Report for 2018-19 will be also available on the website of the Company, www.dmcc.com, which can be downloaded. The physical copies of the documents which are referred in this Notice and not attached will also be available at the registered office of the Company for inspection during normal business hours on working days on or before the date of the AGM. Even after registering for e-communication, the Members are entitled to receive communication in physical form (upon making a request for the same) by post, free of cost.
- t. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under the Companies Act, 2013, will be available for inspection by the Members at the Annual General Meeting.
- u. The Members desiring any information relating to the accounts, are requested to write to the Company at least 7 days before the date of the Annual General Meeting (AGM) so as to enable the Management to keep the information ready and provide at the AGM.

OVERVIEW OF OPERATIONS AND MANAGEMENT DISCUSSION AND ANALYSIS REPORT INCLUDING PROSPECTS IN THE INDUSTRY

Global & Indian Chemical industry perspective

The Chemical Industry is very important and critical for economic development of any country, particularly for the developing country like India. Chemical Industry provides products and technological support to almost all the sectors of economy. With the growing contribution of Asian countries to the global chemical industry, India is becoming one of the alternative source for the chemical industry worldwide. Focused growth with environmental compliance will enhance the global competitiveness of Indian Chemical Industry.

With increased emphasis of Government of India on the infrastructure i.e. building of roads, railways, electricity, water, the Indian Chemical Industry is expected to outperform the growth of the global chemical industry, though, the present share of India in global chemical market is around 5% only. In the present economic climate, while China has grown in chemical sector, the rate of growth of chemical industry in china may slow down for various reasons such as Environmental awareness and sustainability. The Specialty Chemicals segment in India, which is typically lower in volume and higher in value and less dependent on infrastructure, is poised to grow at higher rate. In this scenario, the Govt. of India needs to adopt a realistic and pragmatic approach on issues of environmental clearances and sustainability to ensure that these do not take an unduly long time, while ensuring environmental protection.

The Chemical Industry in USA, European countries, Japan are looking for true alternative like India due to disruption of supply of chemicals from China. The increased cost of Environment, Safety and Health at China may erode the competitive edge of China and may offer opportunity for India as main alternative to China, particularly in Specialty Chemical Segment of the chemical industry. However, the Indian Chemical Industry should continue its emphasis on compliance for Health, Safety and Environment in a rigorous manner as to have sustainable development of chemical industry in India, else they may also face similar issues like China.

In the foregoing background, your company is emerging as an important specialty chemical company in India with technological expertise in Sulphur and Ethanol chemistry. Your Company is also making effort in development of its portfolio by way of adding manufacture of new specialty chemicals for pharmaceutical and agricultural industry with support from In-house Research & Development .The Management of your company have also taken initiative to offer custom manufacturing services from Multipurpose Plants both at Roha and Dahej and is continuing to explore opportunities for manufacturing of some new specialty chemicals. Your Company, with in-house availability of good raw materials, coupled with commitment for HSE (Health, Safety & Environment) is poised and emerging as a cost effective facility for custom manufacturing services for new products and processes .The ability of the Company to handle hazardous chemicals safely and responsibly has resulted in your company becoming a Prime Supplier in its area of operation.

The Research and Development Laboratory at Roha which has been recognized by Government of India, has given an impetus to development of new products and processes in Boron Chemical Business as well at Dahej.

Your Company, continues to offer, though on moderate scale, the services for distinct packages, programs, consisting of planning, execution and commissioning of plants to manufacture Sulphuric Acid and Oleum etc.

The Company is planning to set up a Sulphuric Acid Plant at Dahej, which would be a backward integration. The Management will approach shareholders in course of time, with details of this project for their information and support. Being a chemical Hub, the Dahej unit is expected to reap locational advantages with respect to sourcing of materials as well as catering to the demands of the customers based in the vicinity. Your Company will also invest in dedicated and multipurpose, mainly at the Dahej.

Futuristic Approach

Ensuring development of sustainable, green solutions in the fields of water treatment, food production and healthcare are the key challenges for the future. Fueled by an increasing focus of industry on improving its image, these trends are shaping the priorities for R&D in the field of chemistry. DMCC has core competence in Sulphur, ethanol, and boron chemistry. New products launched will be based on this. The emphasis for product selection will be on profitability, not just turnover. DMCC will focus its expansion at the Dahej site. Your company will also invest at Roha for debottlenecking existing plants, improving energy recovery and changing the mix of products.

Cautionary Statement

Statements in this “Management Discussion and Analysis Report” describing the Company’s objectives, projections, estimates, expectations or predictions may be considered as “forward looking statements” within the meaning of applicable security laws and regulations. Many factors may affect the actual results, which could be different from what the Directors envisage in terms of the future performance and outlook.

ADEQUACY OF INTERNAL CONTROLS

Your Company has well laid down policies, guidelines and procedures which form part of its internal control system. The Audit Committee of the Board periodically reviews reports of Internal Auditors, *inter alia*, on adherence by the operating Management of such policies and procedures and suggests changes/modifications and improvements on a continuous basis. The Company has an independent and adequate system of internal controls to ensure that all assets are safeguarded and protected against loss from unauthorised use or disposal and the transactions are authorised, recorded and reported correctly. The internal control systems are supplemented by a programme of internal audit.

HUMAN RESOURCE DEVELOPMENT

As part of ongoing exercise of the restructuring and re- organisation of the Company’s business, the Company undertakes periodic comprehensive reviews of its HR policies and amends the same suitably from time to time, to meet the emerging business requirements. Special emphasis is being led continually on recruitment of multi -disciplinary and experienced staff to carry forward the growth objectives of the Company. Regular training programmes are being held for the benefit of the staff and the workmen. Your Company believes in a collaborative approach and works closely with the unions, and Industrial relations have been cordial all along.

BOARD EVALUATION

The board of directors has carried out an annual evaluation of its own performance, Board Committees and individual Directors pursuant to the provisions of the Companies Act, 2013 (the Act) and the corporate governance requirements as prescribed by Securities and Exchange Board of India (“ SEBI ”) under Clause 49 of the Listing Agreement.

The performance of the Board was evaluated by the Board after seeking inputs from all the Directors on the basis of the criteria such as the Board composition and structure, effectiveness of Board processes, information and functioning etc.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF

THE DHARAMSI MORARJI CHEMICAL COMPANY LIMITED

Report on the Audit of the Standalone Ind AS Financial

Statements Opinion

We have audited the accompanying standalone Ind AS financial statements of The Dharamsi Morarji Chemical Company Limited ("the Company"), which comprise the Balance sheet as at 31 March 2019, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the statement of Changes in Equity for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, its profit including other comprehensive income its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Ind AS financial statements for the financial year ended 31 March 2019. These matters were addressed in the context of our audit of the Standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Standalone Ind AS financial statements.

Sr. No.	Key audit matters	How our audit addressed the key audit matter
1.	<p>Litigations and claims (Refer to note 32 to the standalone Ind AS financial statements)</p> <p>These cases are pending with multiple tax authorities like Income Tax, Excise, Service tax etc. and labour law cases which have not been acknowledge as debt by the company.</p> <p>In normal course of business, financial exposures may arise from pending proceedings not acknowledged as debt by the company. Whether a claim needs to be recognized as liability or disclosed as contingent liability in the standalone Ind AS financial statements is depended on a number of significant assumptions and judgements. The amount involved are potentially significant and determining the amount, if any, to be recognized or disclosed in the standalone Ind AS financial statements, is inherently subjective.</p> <p>We have Considered Litigation and claims as Key Audit Matter as it requires significant management judgement, including accounting estimation uncertainty.</p>	<p>Principal Audit Procedures:</p> <ul style="list-style-type: none"> • Evaluation of management's judgement of tax risks, estimates of tax exposures, each claims and contingencies. Third party opinions, past and current experience with the tax authority and management's response including on the labour law cases were used to assess the appropriateness of management's best estimate of most likely outcome of each uncertain contingent liability. • Discussing selected matters with the entity's management. • Critically assessing the entity's assumptions and estimates in respect of claims, included in the contingent liabilities disclosed in the standalone Ind AS financial statements. Assessment of the probability of negative result of litigation and the reliability of estimates of related obligation. <p><u>Conclusion:</u></p> <p>Based on the procedures described above, we did not identify any material exceptions to the management's assertions and treatment, presentation & disclosure on the subject matter in the standalone Ind AS financial statements.</p>
2.	<p>Revenue Recognition (as described in note 2.10 of the standalone Ind AS financial statements)</p> <p>For the year ended March 31, 2019 the Company has recognized revenue from contracts with customers amounting to Rs.23,162.71 Lacs. Revenue from contracts with customers is recognised when control of the goods are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods. The Company has generally concluded that as principal, it typically controls the goods before transferring them to the customer.</p> <p>The variety of terms that define when control are transferred to the customer, as well as the high value of the transactions, give rise to the risk that revenue is not recognized in the correct period.</p> <p>Revenue is measured net of net of returns and allowances, cash discounts, trade discounts and volume rebates (collectively 'discount and rebates'). There is a risk that these discount and rebates are incorrectly recorded as it also requires a certain degree of estimation, resulting in understatement of the associated expenses and accrual.</p>	<p>Principal Audit Procedures:</p> <p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Assessed the Company's revenue recognition policy prepared as per Ind AS 115 'Revenue from contracts with customers'. • Assessed the design and tested the operating effectiveness of internal controls related to revenue recognition, discounts and rebates. • Performed sample tests of individual sales transaction and traced to sales invoices, sales orders and other related documents. Further, in respect of the samples checked that the revenue has been recognized as per the shipping terms. • To test cut off selected sample of sales transactions made pre- and post-year end, agreeing the period of revenue recognition to third party support, such as transporter invoice and customer confirmation of receipt of goods.

Sr. No.	Key audit matters	How our audit addressed the key audit matter
	<p>Revenue is also an important element of how the Company measures its performance. The Company focuses on revenue as a key performance measure, which could create an incentive for revenue to be recognized before the risk and rewards have been transferred.</p> <p>Accordingly, due to the significant risk associated with revenue recognition in accordance with terms of Ind AS 115 'Revenue from contracts with customers', it was determined to be a key audit matter in our audit of the standalone Ind AS financial statements.</p>	<ul style="list-style-type: none"> • Tested the provision calculations related to management incentives, discounts and rebates by agreeing a sample of amounts recognized to underlying arrangements with customers and other supporting documents. • Performed monthly analytical procedures of revenue by streams to identify any unusual trends. • Obtained confirmations from customers on sample basis to support existence assertion of trade receivables and assessed the relevant disclosures made in the financial statements; to ensure revenue from contracts with customers are in accordance with the requirements of relevant accounting standards.

We have determined that there are no other key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report 2018-19, but does not include the Standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the Standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with [the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Ind AS financial statements, including the disclosures, and whether the Standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Ind AS financial statements for the financial year ended 31 March 2019 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE '2' TO INDEPENDENT AUDITORS' REPORT

(Annexure referred to under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date.)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of The Dharamsi Morarji Chemical Company Limited ("the Company") as of 31 March 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Standalone Financial Statements as at 31st March 2019

1 Corporate Information

The Dharamsi Morarji Chemical Company Limited is a Public Limited Company domiciled in India. Its equity shares are listed on the Bombay Stock Exchange Limited (BSE). The registered office of the Company is located at 317/21, Prospect Chambers, Dr. D.N. Road, Fort, Mumbai-400001. The Company is engaged in the business of manufacturing and selling of Commodity Chemicals and Speciality Chemicals.

Information on related party relationships of the Company is provided in Note - 42

The financial statements are authorised for issue in accordance with a resolution of the Board of Directors on 28th May, 2019

2 Significant Accounting Policies

2.1 Basis of Preparation of Financial Statements

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendments) Rules, 2016.

The financial statements have been prepared on a historical cost basis using the accrual method of accounting basis, except for the following assets and liabilities which have been carried at fair value:

Land classified as property, plant and equipment.

Derivative financial instruments i.e. Forward Contracts.

Certain financial assets and financial liabilities measured at fair value.

The Financial Statements are presented in Indian Rupees (INR) and all values are recorded to the nearest Lakhs. (INR '00,000) except otherwise indicated.

2.2 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

2.3 Property, plant and equipment

a) Tangible assets:

Property, Plant and equipment were carried in the balance sheet prepared in accordance with Indian GAAP on the basis of their historical cost less accumulated depreciation and impairment as on the date of transition i.e. 01.04.2016. The Company has elected to regard those written down values as deemed cost as at the date of the transition as per the option available to the Company, as fair value, while adopting Ind AS for the first time except for certain Land acquired by the Company upon merger of erstwhile Borax Morarji Limited has been stated at fair value as per the valuation report obtained by the Company.

Property, Plant and Equipment are stated at cost of acquisition or construction, including attributable interest and financial costs till such assets are ready for its intended use, less accumulated depreciation, impairment losses and specific grants received, if any.

The expenditure incurred during the period of construction (including cost of trial runs, stores issued, expenses on labour allocated for such purpose) is debited to capital work-in-progress and on completion, the costs are allocated to the respective items of Property, Plant and Equipment. Interest on specific borrowings relating to acquisition of fixed assets is capitalised up to the date of commissioning.

Derecognition:

An item of property, plant and equipment initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset

Notes to the Standalone Financial Statements as at 31st March 2019

(calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

b) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is measured at their fair value as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any. Internally generated intangibles are not capitalised and the related expenditure is reflected in the Statement of Profit and Loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Derecognition:

An item of intangible initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

2.4 Depreciation/Amortization:

Depreciation on all items of Property, Plant and Equipment is provided for on Straight Line basis over the estimated useful life specified in schedule II to the Companies Act, 2013.

Depreciation on additions and deletions during the year is provided on pro-rata basis.

Cost of leasehold land is amortised over the period of lease.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.5 Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

2.6 Non Current Assets held for Sale

Non current assets are classified as held for sale, if it is highly probable that they will be recovered primarily through sale rather than through continuing use. Such assets are generally measured at the lower of their carrying amount and fair

Notes to the Standalone Financial Statements as at 31st March 2019

value less cost to sale. Losses on initial classification as held for sale and subsequent gains and losses on remeasurement are recognized in the Statement of Profit and Loss. Once classified as held for sale, Property, plant and Equipment and Intangible Assets are no longer depreciated or amortized.

2.7 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. Capitalization of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended period when active development activities on the qualifying assets is interrupted. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.8 Inventories

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Raw materials: purchase cost on a weighted average basis

Cost of Finished goods and work in progress include materials cost, cost of conversion, depreciation, other overheads to the extent applicable but excluding borrowing costs

2.9 Trade receivables

Trade receivables are carried at original invoice amount less any provisions for doubtful debts. For the Expected Credit Loss (ECL) simplified approach is adopted by the Company as permissible. Provisions are made where there is evidence of a risk of non-payment, taking into account ageing, previous experience and general economic conditions. When a trade receivable is determined to be uncollectable it is written off, firstly against any provision available and then to the income statement.

2.10 Revenue recognition

Revenue from sale of goods is recognized at the fair value of the consideration received or receivable, net of returns and trade discounts, rebates, GST.

Revenue from the sale of goods is recognised when (a) It is probable that the economic benefits associated with the transaction will flow to the entity and the amount of revenue can be measured reliably. (b) The significant risks and rewards of ownership of the goods have been passed to the buyer; and (c) The entity retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold and returns.

Goods sold on consignment are recorded as inventory until goods are sold by the consignee to the end customer.

Export sales are recognised based on the shipped on board date as per bill of lading when significant risk and rewards of ownership are transferred to the customer.

Export benefits available under prevalent schemes are accounted to the extent considered receivable. These are presented as other operating income in the Statement of Profit & Loss.

Earning from sale of power generated from Wind Mills is accounted for on tariff rate agreed and as per Power Purchase agreement with respective Electricity Board.

Royalty and service income are recognized on an accrual basis in accordance with the terms of the relevant contractual agreement.

Interest income is recognised on accrual basis.

Insurance claims are accounted for on the basis of claims admitted /expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

Notes to the Standalone Financial Statements as at 31st March 2019

Dividend income on investment is recognized in the Statement of Profit and Loss Account on the date on which the Company's right to receive is established.

The Company earns revenue primarily from sale of products.

The Company has applied Ind AS 115 using the cumulative effect method and therefore the comparative information has not been restated and continues to be reported under erstwhile Ind AS 18 and Ind AS 11. The new Standard is applied to contracts that were remaining in force as at 1st April, 2018. The application of the standard does not have any significant impact on the retained earnings as at 1st April, 2018 or on these financial statements. The details of accounting policies under erstwhile Ind AS 18 and Ind AS 11 are disclosed separately if they are different from those under Ind AS 115.

2.11 Foreign Exchange Transactions

Transactions in foreign currencies are initially recorded by the Company at the rate prevalent on the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the closing rates of exchange at the reporting date.

Differences arising on settlement or year end conversion of monetary items are recognised in Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are converted using the exchange rates at the dates of the initial transactions.

2.12 Employee Benefits

Contribution Plans:

Contributions to the Company's Provident Fund, Family Pension Fund, Superannuation Fund are being charged to the Statement of Profit and Loss.

Benefits Plans:

The Company has the scheme which enables employees to encash the accumulated privilege leave (upto stipulated limits) on retirement. The 'Company's liability in respect of this leave encashment scheme is determined on the basis of actuarial valuation and the same is charged to the Statement of Profit & Loss and is unfunded. Gratuity Benefits (based on actuarial valuation) is charged to Statement of Profit & Loss and is unfunded.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

The service cost and the net interest cost are charged to the Statement of Profit and Loss. Actuarial gains and losses arise due to difference in the actual experience and the assumed parameters and also due to changes in the actuarial assumptions used for valuation. The Company recognizes these re-measurements in the Other Comprehensive Income (OCI).

2.13 Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the Statement of Profit and Loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Significant management judgment is required to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits. The amount of total deferred tax could change if estimates of projected future taxable income or if tax regulations undergo a change.

Notes to the Standalone Financial Statements as at 31st March 2019

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is reviewed at each reporting date.

The benefit of credit against the payment made towards Minimum Alternate Tax for the earlier years is available in accordance with the provisions of the section 115JAA of Income Tax Act, 1961 over the period of subsequent 15 assessment year. The Company recognises MAT Credit Available as an Asset only to the extent that there is convincing evidence that the Company will pay Normal Income Tax during the specified period, i.e. the period for which MAT Credit is allowed to be carried forward. The Company reviews the "MAT Credit Entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

2.14 Provisions, Contingent Liabilities and Contingent Assets:

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the Statement of Profit and Loss.

Contingent Liabilities

Contingent liability is disclosed for (i) Possible obligations which will be confirmed only by the future events not wholly within the control of the company or (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent Assets

Contingent Assets are only disclosed when it is probable that the economic benefits will flow to the Company.

2.15 Earnings per share

Basic earnings per equity share are computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

2.16 Business Combinations and Goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred (measured at acquisition date at fair value) and the amount of any non-controlling interests in the acquiree. For each business combination, the Company elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Company re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the Company recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Notes to the Standalone Financial Statements as at 31st March 2019

2.17 Current and Non current Classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period .

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

2.18 Financial Instruments

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

a) Financial Assets

Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

(i) Financial assets

Cash and bank balances

Cash and bank balances consist of :

- Cash and Cash equivalents - which includes Cash in hand, deposits held at call with banks and other short term deposits which are readily convertible into known amounts of Cash, are subject to an insignificant risk of change in value and have maturities of less than one year from the date of such deposits. These balances with banks are unrestricted for withdrawal and usage.

Notes to the Standalone Financial Statements as at 31st March 2019

- Other bank balances - which includes balances and deposits with banks that are restricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Investment in Subsidiaries

Investment in Subsidiaries is carried at cost in the financial statements

Impairment of financial assets

Loss allowance for expected credit losses is recognised for financial assets measured at amortised cost and fair value through other comprehensive income. The Company recognises life time expected credit losses for all trade receivables that do not constitute a financing transaction. For financial assets whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months expected credit losses is recognised. Loss allowance equal to the lifetime expected credit losses is recognised if the credit risk on the financial instruments has significantly increased since initial recognition.

De-recognition of financial assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset.

b) Financial Liabilities and Equity Instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs, if any.

Financial liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, during the effective interest rate method where the time value of money is significant. Interest bearing issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

Notes to the Standalone Financial Statements as at 31st March 2019

Initial recognition and measurement

The Company's financial liabilities include trade and other payables, loans and borrowings including cash credit accounts and derivative financial instruments like Forward Cover Contracts.

Financial liabilities are classified, at initial recognition, as at fair value through profit and loss or as those measured at amortised cost.

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

Financial liabilities at fair value through profit and loss

Financial liabilities at fair value through profit and loss include financial liabilities held for trading.

The Company has not designated any financial liabilities upon initial recognition at fair value through profit and loss.

De-recognition of Financial Liabilities

The Company de-recognises financial liabilities when, and only when, the company's obligations are discharged, cancelled or they expired.

2.19 Derivative Financial Instruments

The company holds derivative financial instruments such as foreign exchange forward contracts generally to mitigate the risk of changes in exchange rates on foreign currency exposures. The counter party for these contracts is generally a bank and these are generally designated as hedges. Any derivative that is either not designated a hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss. Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the statement of profit and loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss. Assets/liabilities in this category are presented as current assets/current liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date. The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

2.20 Fair value measurement

The company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either: • In the principal market for the asset or liability, or • In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole: • Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities • Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable • Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. The Company's management determine the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets

Notes to the Standalone Financial Statements as at 31st March 2019

measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations. At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the management verify the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.21 Investment Properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on evaluation every three years performed by an accredited external independent valuer, at every 3 years rest, by applying a valuation model recommended by the International Valuation Standards Committee.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

2.22 Cash & Cash equivalents and Short Term deposits

Cash and Cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, as they are considered an integral part of the Company's cash management.

2.23 Research and Development Costs

Research costs are expensed as incurred. Development expenditure on an individual project are recognized as an Intangible asset when the Company can demonstrate; (i) Technical feasibility of completing the intangible asset so that the asset will be available for use or sale (ii) It's intention to complete and its ability and intentions to use or sell the asset (iii) How the asset will generate future economic benefits (iv) the availability of resources to complete the asset (v) the ability to measure reliably the expenditure during development.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortized over the period of expected future benefits. Amortization expenses is recognized in the Statement of Profit and Loss. During the period of development, the asset is tested for impairment annually.

2.24 Cash dividend to equity Shareholders:

The Company recognises a liability to make cash or distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.25 Dividend on Preference Shares

Dividend including Dividend Distribution Tax thereon Rs.8.44 Lakhs for the year ended 31st March 2019 (Previous year Rs. 8.21 Lakhs) are accounted for under finance charges.

(ii)	Guarantees issued by banks	35.35	42.80
(iii)	Claims against Company not acknowledged as debts	55.76	55.76

The Company has reviewed all its pending litigations & proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable. The Company does not expect the outcome of these proceedings to have materially adverse effect.

The Company has received Differential Duty demand of Rs.14.33 Crores (on Import of crude/un-refined Sulphur during the period 2004-2005 to 2008-2009, provisionally assessed then), at concessional rate of Basic Customs Duty in term of Entry at Sr. No. 60 of Notification No. 21/2002- Cus dated 01.03.2002 which granted concessional rate of basic customs duty on the import of "Crude or unrefined Sulphur" falling under Chapter Sub-heading No. 2503 00 of Customs Tariff). The Company has now filed Appeal before CESTAT being Appeal No. C/89904/2018 – DB dated 2nd January 2019 (against the Order dated 07.02.2018 of the Commissioner (Appeals), Mumbai) and deposited an amount of Rs.1.43 Crores (being the 10% of the alleged demand of differential duty of Rs. 14.33 Crores), as a condition precedent for the Appeal before the CESTAT. The Appeal is pending at CESTAT, Mumbai, and will come up for hearing in course of time. Based on the legal advice the Company is confident to successfully succeed in the appeal.

The company had imported Rock Phosphate (for the manufacture of Fertilizer viz. Single Superphosphate) and the Bill of Entry for the consignments of Rock Phosphate imported during the period 2005-2006 to 2007-2008, were provisionally assessed and goods were allowed to be cleared with "Nil" Special additional Duty (SAD for short) falling under Chapter heading, Sub-heading or tariff item "31 or any other chapter" of the first Schedule of Customs Tariff. Subsequently, the Department raised an alleged demand of Rs.1.21 crores on account of the enhancement of declared value (Invoice value on which duty was assessed provisionally) and denial of 'Nil' (SAD) under Notification- 20/2006-Cus dated 1.3.2006 on the alleged ground that the Company had allegedly failed to submit the relevant documents which could prove that the imported Rock Phosphate was used for the manufacturing of "fertilizer". The Company has now filed Appeal before CESTAT being Appeal No. C/89910/2018 – DB dated 2nd January 2019 (against the Order dated 07.02.2018 of the Commissioner (Appeals),Mumbai.)and deposited an amount of Rs.12.16 Lakhs being the 10% of the alleged demand of Rs. 1.21 Crores. The Appeal is pending at CESTAT , Mumbai and will come up for hearing in course of time. Based on the legal advice the Company is confident to successfully succeed in the appeal.

36 Changes in accounting policies and disclosures

New and amended standards

The Company applied Ind AS 115 for the first time. The nature and effect of the changes as a result of adoption of these new accounting standards are described below. Several other amendments and interpretations apply for the first time in March 2019, but do not have an impact on the financial statements of the Company. The Company has not early adopted any standards or amendments that have been issued but are not yet effective.

Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 was issued on 28 March 2018 and supersedes Ind AS 11 Construction Contracts and Ind AS 18 Revenue and it applies, with limited exceptions, to all revenue arising from contracts with its customers. Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Ind AS 115 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers. The standard also specifies the accounting for the incremental costs of obtaining a contract and the costs directly related to fulfilling a contract. In addition, the standard requires extensive disclosures.

The Company adopted Ind AS 115 using the modified retrospective method of adoption. The change did not have a material impact on the financial statements of the Company.

Appendix B to Ind AS 21 Foreign Currency Transactions and Advance Considerations

The appendix clarifies that, in determining the spot exchange rate to use on initial recognition of the related asset, expense or income (or part of it) on the de-recognition of a non-monetary asset or non-monetary liability relating to advance consideration, the date of the transaction is the date on which an entity initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, then the entity must determine the date of the transactions for each payment or receipt of advance consideration. This Interpretation does not have any impact on the Company's financial statements.

Amendments to Ind AS 40 Transfers of Investment Property

The amendments clarify when an entity should transfer property, including property under construction or development into, or out of investment property. The amendments state that a change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. A mere change in management's intentions for the use of a property does not provide evidence of a change in use. These amendments do not have any impact on the Company's financial statements.

Amendments to Ind AS 12 Recognition of Deferred Tax Assets for Unrealised Losses

The amendments clarify that an entity needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions on the reversal of that deductible temporary difference. Furthermore, the amendments provide guidance on how an entity should determine future taxable profits and explain the circumstances in which taxable profit may include the recovery of some assets for more than their carrying amount.

Entities are required to apply the amendments retrospectively. However, on initial application of the amendments, the change in the opening equity of the earliest comparative period may be recognised in opening retained earnings (or in another component of equity, as appropriate), without allocating the change between opening retained earnings and other components of equity. Entities applying this relief must disclose that fact.

These amendments do not have any impact on the Company as the Company has no deductible temporary differences or assets that are in the scope of the amendments.

37 Corporate Social Responsibility

As per section 135 of the Companies Act, 2013, a Company meeting the applicability threshold needs to spend at least 2% of its average net profits for the immediately preceding three financial years on Corporate Social Responsibility (CSR) activities. Due to the average Net Profit of the Company is being negative, Company is not required to spend any amounts towards Corporate Social Responsibility (CSR) activities during the year.

39 Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company, through three layers of defence namely policies and procedures, review mechanism and assurance aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations. The Audit committee of the Board with top management oversee the formulation and implementation of the Risk management policies. The risks are identified at business unit level and mitigation plan are identified, deliberated and reviewed at appropriate forums.

A Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- credit risk (see (i));
- liquidity risk (see (ii)); and
- market risk (see (iii)).

i. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counter party to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, loans and investments. The carrying amount of financial assets represents the maximum credit risk exposure.

Trade receivables

The Company has established a credit policy under which each new customer is analysed individually for creditworthiness before the payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, financial statements, credit agency information, industry information and business intelligence. Sale limits are established for each customer and reviewed annually. Any sales exceeding those limits require approval from the appropriate authority as per policy. In monitoring customer credit risk, customers are grouped according to their credit characteristics, including whether they are an individual or a legal entity, whether they are a institutional, dealers or end-user customer, their geographic location, industry, trade history with the Company and existence of previous financial difficulties.

Expected credit loss for trade receivables:

The Company based on internal assessment which is driven by the historical experience/ current facts available in relation to default and delays in collection thereof, the credit risk for trade receivables is considered low. The Company estimates its allowance for trade receivable using lifetime expected credit loss and accordingly provision is made for the doubtful debts.

Expected credit loss on financial assets other than trade receivables:

With regards to all financial assets with contractual cash flows other than trade receivable, management believes these to be high quality assets with negligible credit risk. The management believes that the parties from which these financial assets are recoverable, have strong capacity to meet the obligations and where the risk of default is negligible and accordingly no provision for excepted credit loss has been provided on these financial assets.

NOTES FORMING PART OF FINANCIAL STATEMENTS

ii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company's finance and accounts department is responsible for managing the short term and long term liquidity requirements. Short term liquidity situation is reviewed daily. Longer term liquidity position is reviewed on a regular basis by the Board of Directors and appropriate decisions are taken according to the situation.

iii. Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates that will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Currency risk

The Company is exposed to currency risk to the extent that there is a mismatch between the currencies in which sales, purchases and borrowings are denominated and the functional currency of the Company. The currencies in which the Company is exposed to risk are generally USD and EUR. The Company follows a natural hedge driven currency risk mitigation policy to the extent possible. Any residual risk is evaluated and appropriate risk mitigating steps are taken, including but not limited to, entering into forward contract.

NOTES FORMING PART OF FINANCIAL STATEMENTS

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk because funds are borrowed at both fixed and floating interest rates. Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate. The borrowings of the Company are principally denominated in rupees of fixed rates of interest. The Company has exposure to interest rate risk, arising principally on changes in base lending rate.

B Capital management

For the purpose of Company's Capital Management, capital includes issued capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's Capital Management is to maximise the share holder value.

The Company manages its capital structure and make adjustment in light of changes in economic conditions and requirements co venants.

44 Standards issued but not yet effective up to the date of Financial Statements

Standards issued but not yet effective:

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective. The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard:

I) Ind AS 116 Leases

Ind AS 116 Leases was notified by MCA on 30 March 2019 and it replaces Ind AS 17 Leases, including appendices thereto. Ind AS 116 is effective for annual periods beginning on or after 1 April 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset.

Lessees will be also required to remeasure the lease liability upon the occurrence of certain events (e.g., a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset.

Lessor accounting under Ind AS 116 is substantially unchanged from today's accounting under Ind AS 17. Lessors will continue to classify all leases using the same classification principle as in Ind AS 17 and distinguish between two types of leases: operating and finance leases.

The Company intends to adopt these standards from 1 April 2019. The impact on adoption of Ind AS 116 on the financial statements is given below. Ind AS 116 also requires lessees and lessors to make more extensive disclosures than under Ind AS 17.

Transition to Ind AS 116

The Company is proposing to use the 'Modified Retrospective Approach' for transitioning to Ind AS 116, and take the cumulative adjustment to retained earnings, on the date of initial application (April 1, 2019). Accordingly, comparatives for the year ending or ended March 31, 2019 will not be retrospectively adjusted. The Company has elected certain available practical expedients on transition.

The company is evaluating the requirements of the amendment and the effect on the financial statements is being evaluated.

45 Figures in respect of the previous year have been regrouped / rearranged wherever necessary.

INDEPENDENT AUDITOR'S REPORT

To the Members of

THE DHARAMSI MORARJI CHEMICAL COMPANY LIMITED

Report on the Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying consolidated Ind AS financial statements of THE DHARAMSI MORARJI CHEMICAL COMPANY LIMITED (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the consolidated Balance Sheet as at 31 March 2019, the consolidated Statement of Profit and Loss (including other comprehensive income), the consolidated Cash Flow Statement, the consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group, as at 31 March 2019, their consolidated profit including other comprehensive income, and their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Ind AS financial statements for the financial year ended 31 March 2019. These matters were addressed in the context of our audit of the Consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Consolidated Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Consolidated Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Consolidated Ind AS financial statements.

Sr. No.	Key audit matters	How our audit addressed the key audit matter
1.	<p>Litigations and claims</p> <p>(Refer to note 32 to the consolidated Ind AS financial statements)</p> <p>These cases are pending with multiple tax authorities like Income Tax, Excise, Service tax etc. and labour law cases which have not been acknowledge as debt by the company.</p>	<p>Principal Audit Procedures:</p> <ul style="list-style-type: none"> Evaluation of management's judgement of tax risks, estimates of tax exposures, each claims and contingencies. Third party opinions, past and current experience with the tax authority and management's response including on the labour law cases were used to assess the appropriateness of management's best estimate of most likely outcome of each uncertain contingent liability.

Sr. No.	Key audit matters	How our audit addressed the key audit matter
	<p>In normal course of business, financial exposures may arise from pending proceedings not acknowledged as debt by the company. Whether a claim needs to be recognized as liability or disclosed as contingent liability in the consolidated Ind AS financial statements is depended on a number of significant assumptions and judgements. The amount involved are potentially significant and determining the amount, if any, to be recognized or disclosed in the consolidated Ind AS financial statements, is inherently subjective.</p> <p>We have Considered Litigation and claims as Key Audit Matter as it requires significant management judgement, including accounting estimation uncertainty.</p>	<ul style="list-style-type: none"> • Discussing selected matters with the entity's management. • Critically assessing the entity's assumptions and estimates in respect of claims, included in the contingent liabilities disclosed in the consolidated Ind AS financial statements. Assessment of the probability of negative result of litigation and the reliability of estimates of related obligation. <p><u>Conclusion:</u></p> <p>Based on the procedures described above, we did not identify any material exceptions to the management's assertions and treatment, presentation & disclosure on the subject matter in the consolidated Ind AS financial statements.</p>
2.	<p>Revenue Recognition (as described in note 2.1 of the consolidated Ind AS financial statements)</p> <p>For the year ended March 31, 2019 the Company has recognized revenue from contracts with customers amounting to Rs. 23,162.71 Lacs. Revenue from contracts with customers is recognised when control of the goods are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods. The Company has generally concluded that as principal, it typically controls the goods before transferring them to the customer.</p> <p>The variety of terms that define when control are transferred to the customer, as well as the high value of the transactions, give rise to the risk that revenue is not recognized in the correct period.</p> <p>Revenue is measured net of net of returns and allowances, cash discounts, trade discounts and volume rebates (collectively 'discount and rebates'). There is a risk that these discount and rebates are incorrectly recorded as it also requires a certain degree of estimation, resulting in understatement of the associated expenses and accrual.</p> <p>Revenue is also an important element of how the Company measures its performance. The Company focuses on revenue as a key performance measure, which could create an incentive for revenue to be recognized before the risk and rewards have been transferred.</p> <p>Accordingly, due to the significant risk associated with revenue recognition in accordance with terms of Ind AS 115 'Revenue from contracts with customers', it was determined to be a key audit matter in our audit of the consolidated Ind AS financial statements.</p>	<p>Principal Audit Procedures:</p> <p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Assessed the Company's revenue recognition policy prepared as per Ind AS 115 'Revenue from contracts with customers'. • Assessed the design and tested the operating effectiveness of internal controls related to revenue recognition, discounts and rebates. • Performed sample tests of individual sales transaction and traced to sales invoices, sales orders and other related documents. Further, in respect of the samples checked that the revenue has been recognized as per the shipping terms. • To test cut off selected sample of sales transactions made pre- and post-year end, agreeing the period of revenue recognition to third party support, such as transporter invoice and customer confirmation of receipt of goods. • Tested the provision calculations related to management incentives, discounts and rebates by agreeing a sample of amounts recognized to underlying arrangements with customers and other supporting documents. • Performed monthly analytical procedures of revenue by streams to identify any unusual trends. • Obtained confirmations from customers on sample basis to support existence assertion of trade receivables and assessed the relevant disclosures made in the financial statements; to ensure revenue from contracts with customers are in accordance with the requirements of relevant accounting standards.

We have determined that there are no other key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report 2018-19, but does not include the Consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the Consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Consolidated Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Ind Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated cash flows and consolidated statement of changes in equity of the Group including in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and Companies (Indian Accounting Standard) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Consolidated Ind AS Financial Statement

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS financial statements, including the disclosures, and whether the Consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by other auditor, such other auditor remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Ind AS financial statements for the financial year ended 31 March 2019 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements and other financial information, in respect of a subsidiary whose Ind AS financial statements include total assets of INR 40.68 Lakh as at March 31, 2019, and total revenues of INR 18.11 Lakh for the year ended on that date. These Ind AS financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiary and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the report of such other auditors.

Our opinion above on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditor and the financial statements and other financial information certified by the Management.

The consolidated Ind AS financial statements includes share of net profit of Rs. 3.77 Lacs and Other Comprehensive Income of Nil in respect of a subsidiary whose financial statements are unaudited. Our opinion on the consolidated Ind

AS financial statements, in so far as it relates to the amounts and disclosures included in respect of this Subsidiary, is based solely on the reports, as furnished to us by the Management.

Our opinion on the consolidated Ind AS financial statements is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

As required by section 143 (3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries, as noted in the 'other matter' paragraph we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated Ind AS financial statements;
- (b) In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books;
- (c) The consolidated Balance Sheet, consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the consolidated Cash Flow Statement and consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and Companies (Indian Accounting Standard) Rules, 2015, as amended;
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2019 taken on record by the Board of Directors of the Holding Company, none of the directors of the Group's companies, is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting of the Holding Company incorporated in India, refer to our separate report in "Annexure 1" to this report;
- (g) In our opinion, the managerial remuneration for the year ended March 31, 2019 has been paid / provided by the Holding Company to their directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated Ind AS financial statements disclose the impact of pending litigations on its consolidated financial position of the Group, – Refer Note 32 to the consolidated Ind AS financial statements.
 - ii. The Holding Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company during the year ended March 31, 2019.

ANNEXURE-1 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF THE DHARAMSI MORARJI CHEMICAL COMPANY LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of THE DHARAMSI MORARJI CHEMICAL COMPANY LIMITED as of and for the year ended 31 March 2019, we have audited the internal financial controls over financial reporting of THE DHARAMSI MORARJI CHEMICAL COMPANY LIMITED (hereinafter referred to as the "Holding Company" or "the Company") which is incorporated in India as of that date. The subsidiary company which is part of the Group is incorporated outside India and Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") is not applicable to the subsidiary company.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide

reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2019

1 Corporate Information

The Consolidated financial statement comprises of financial statement of The Dharamsi Morarji Chemical Company Ltd and its subsidiary (collectively, the Group) for the year ended 31st March, 2018. The Dharamsi Morarji Chemical Company Limited (the Company) is a Public Limited Company domiciled in India. Its shares are listed on the Bombay Stock Exchange Limited (BSE). The Group is engaged in the business of manufacturing and selling of Commodity Chemicals and Speciality Chemicals.

Borax Morarji Europe GmbH, Germany is engaged in the business of selling Commodity Chemicals and Speciality Chemicals. Information on related party relationships of the company is provided in Note 43

The Consolidated financial statements are authorised for issue in accordance with a resolution of the Board of Directors on 28th May, 2019

2 Significant Accounting Policies

2.1 Basis of preparation:

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the CFS. The consolidated financial statements have been prepared on historical cost basis except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Derivative financial instruments.
- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instrument).

The consolidated financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest lakhs (INR'00,000), except otherwise indicated.

2.2 Basis of Consolidation:

The consolidated financial statements comprises the financial statement of THE DHARAMSI MORARJI CHEMICAL CO.LTD Limited and its subsidiary as at March 31, 2019. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- i) Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- ii) Exposure, or rights, to variable returns from its involvement with the investee, and
- iii) The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- i) The contractual arrangement with the other vote holders of the investee
- ii) Rights arising from other contractual arrangements
- iii) The Group's voting rights and potential voting rights
- iv) The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances if material, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of Borax Morarji GmbH, Germany used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31 March 2019. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

The unaudited financial statements as on 31st March 2019 of the Wholly Owned Subsidiary Company have been compiled by Chartered Accountancy firm based in Germany. The subsidiary Company being Joint Stock Company under German Law, there is no obligation for audit based on the size criteria.

2.3 Consolidation Procedure

Subsidiaries:

- a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intraGroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). IntraGroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS - 12 "Income Taxes" applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-Group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it

- (i) Derecognises the assets (including goodwill) and liabilities of the subsidiary
 - (ii) Derecognises the carrying amount of any non-controlling interests
 - (iii) Derecognises the cumulative translation differences recorded in equity
 - (iv) Recognises the fair value of the consideration received
 - (v) Recognises the fair value of any investment retained (vi) Recognises any surplus or deficit in profit or loss
 - (vi) Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities
- d) Change in ownership interest:

The Group treats transaction with non-controlling interests that do not result in a loss of control as transaction with the equity owners of the Group. A change in ownership interest results in adjustment between the carrying amounts of the controlling and non-controlling interest to reflect their relative interest in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

2.4 Property, plant and equipment

a) Tangible assets:

Property, Plant and equipment were carried in the balance sheet prepared in accordance with Indian GAAP on the basis of their historical cost less accumulated depreciation and impairment as on the date of transition i.e. 01.04.2016. The Group has elected to regard those written down values as deemed cost as at the date of the transition as per the option available to the Group, as fair value, while adopting Ind AS for the first time except for certain Land acquired by the Group upon merger of erstwhile Borax Morarji Limited has been stated at fair value as per the valuation report obtained by the Group.

Property, Plant and Equipment are stated at cost of acquisition or construction, including attributable interest and financial costs till such assets are ready for its intended use, less accumulated depreciation, impairment losses and specific grants received, if any.

The expenditure incurred during the period of construction (including cost of trial runs, stores issued, expenses on labour allocated for such purpose) is debited to capital work-in-progress and on completion, the costs are allocated to the respective items of Property, Plant and Equipment. Interest on specific borrowings relating to acquisition of fixed assets is capitalised up to the date of commissioning.

Derecognition:

An item of property, plant and equipment initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

b) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is measured at their fair value as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any. Internally generated intangibles are not capitalised and the related expenditure is reflected in the Statement of Profit and Loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Derecognition:

An item of intangible initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

2.5 Depreciation/Amortization:

Depreciation on all items of Property, Plant and Equipment is provided for on Straight Line basis over the estimated useful life specified in schedule II to the Companies Act, 2013.

Depreciation on additions and deletions during the year is provided on pro-rata basis.

Cost of leasehold land is amortised over the period of lease.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.6 Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

2.7 NonCurrent Assets held for Sale

Non current assets are classified as held for sale, if it is highly probable that they will be recovered primarily through sale rather than through continuing use. Such assets are generally measured at the lower of their carrying amount and fair value less cost to sale. Losses on initial classification as held for sale and subsequent gains and losses on remeasurement are recognized in the Statement of Profit and Loss. Once classified as held for sale, Property, plant and Equipment and Intangible Assets are no longer depreciated or amortized.

2.8 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. Capitalization of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended period when active development activities on the qualifying assets is interrupted. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.9 Inventories

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Raw materials: purchase cost on a weighted average basis

Cost of Finished goods and work in progress include materials cost, cost of conversion, depreciation, other overheads to the extent applicable but excluding borrowing costs

2.10 Trade receivables

Trade receivables are carried at original invoice amount less any provisions for doubtful debts. For the Expected Credit Loss (ECL) simplified approach is adopted by the Group as permissible. Provisions are made where there is evidence of a risk of non-payment, taking into account ageing, previous experience and general economic conditions. When a trade receivable is determined to be uncollectable it is written off, firstly against any provision available and then to the income statement.

2.11 Revenue recognition

Revenue from sale of goods is recognized at the fair value of the consideration received or receivable, net of returns and trade discounts, rebates, GST.

Revenue from the sale of goods is recognised when (a) It is probable that the economic benefits associated with the transaction will flow to the entity and the amount of revenue can be measured reliably. (b) The significant risks and rewards of ownership of the goods have been passed to the buyer; and (c) The entity retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold and returns.

Goods sold on consignment are recorded as inventory until goods are sold by the consignee to the end customer.

Export sales are recognised based on the shipped on board date as per bill of lading when significant risk and rewards of ownership are transferred to the customer.

Export benefits available under prevalent schemes are accounted to the extent considered receivable. These are presented as other operating income in the Statement of Profit & Loss.

Earning from sale of power generated from Wind Mills is accounted for on tariff rate agreed and as per Power Purchase agreement with respective Electricity Board.

Royalty and service income are recognized on an accrual basis in accordance with the terms of the relevant contractual agreement.

Interest income is recognised on accrual basis.

Insurance claims are accounted for on the basis of claims admitted /expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

Dividend income on investment is recognized in the Statement of Profit and Loss Account on the date on which the Group's right to receive is established.

The Group earns revenue primarily from sale of products.

The Group has applied Ind AS 115 using the cumulative effect method and therefore the comparative information has not been restated and continues to be reported under erstwhile Ind AS 18 and Ind AS 11. The new Standard is applied to contracts that were remaining in force as at 1st April, 2018. The application of the standard does not have any significant impact on the retained earnings as at 1st April, 2018 or on these financial statements. The details of accounting policies under erstwhile Ind AS 18 and Ind AS 11 are disclosed separately if they are different from those under Ind AS 115.

2.12 Foreign Exchange Transactions

Transactions in foreign currencies are initially recorded by the Group at the rate prevalent on the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the closing rates of exchange at the reporting date.

Differences arising on settlement or year end conversion of monetary items are recognised in Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are converted using the exchange rates at the dates of the initial transactions.

2.13 Employee Benefits

Contribution Plans:

Contributions to the Company's Provident Fund, Family Pension Fund, Superannuation Fund are being charged to the Statement of Profit and Loss.

Benefits Plans:

The Group has the scheme which enables employees to encash the accumulated privilege leave (upto stipulated limits) on retirement. The Group's liability in respect of this leave encashment scheme is determined on the basis of actuarial valuation and the same is charged to the Statement of Profit & Loss and is unfunded. Gratuity Benefits (based on actuarial valuation) is charged to Statement of Profit & Loss and is unfunded.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

The service cost and the net interest cost are charged to the Statement of Profit and Loss. Actuarial gains and losses arise due to difference in the actual experience and the assumed parameters and also due to changes in the actuarial assumptions used for valuation. The Group recognizes these re-measurements in the Other Comprehensive Income (OCI).

2.14 Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the Statement of Profit and Loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Significant management judgment is required to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits. The amount of total deferred tax could change if estimates of projected future taxable income or if tax regulations undergo a change.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is reviewed at each reporting date.

The benefit of credit against the payment made towards Minimum Alternate Tax for the earlier years is available in accordance with the provisions of the section 115JAA of Income Tax Act, 1961 over the period of subsequent 15 assessment year. The Company recognises MAT Credit Available as an Asset only to the extent that there is convincing evidence that the Company will pay Normal Income Tax during the specified period, i.e. the period for which MAT Credit is allowed to be carried forward. The Company reviews the "MAT Credit Entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

2.15 Provisions, Contingent Liabilities and Contingent Assets:

Provisions

Provisions are recognised when the group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the Statement of Profit and Loss.

Contingent Liabilities

Contingent liability is disclosed for (i) Possible obligations which will be confirmed only by the future events not wholly within the control of the Group or (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent Assets

Contingent Assets are only disclosed when it is probable that the economic benefits will flow to the Group.

2.16 Earnings per share

Basic earnings per equity share are computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

2.17 Business Combinations and Goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred (measured at acquisition date at fair value) and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the Group recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

2.18 Current and Non current Classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period .

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

2.19 Financial Instruments

The Group recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

a) Financial Assets

Financial Instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

(i) Financial assets

Cash and bank balances

Cash and bank balances consist of :

- Cash and Cash equivalents - which includes Cash in hand, deposits held at call with banks and other short term deposits which are readily convertible into known amounts of Cash, are subject to an insignificant risk of change in value and have maturities of less than one year from the date of such deposits. These balances with banks are unrestricted for withdrawal and usage.
- Other bank balances - which includes balances and deposits with banks that are restricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Investment in Subsidiaries

Investment in Subsidiaries is carried at cost in the financial statements

Impairment of financial assets

Loss allowance for expected credit losses is recognised for financial assets measured at amortised cost and fair value through other comprehensive income. The Group recognises life time expected credit losses for all trade receivables that do not constitute a financing transaction. For financial assets whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months expected credit losses is recognised. Loss allowance equal to the lifetime expected credit losses is recognised if the credit risk on the financial instruments has significantly increased since initial recognition.

De-recognition of financial assets

The Group de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset.

b) Financial Liabilities and Equity Instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs, if any.

Financial liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, during the effective interest rate method where the time value of money is significant. Interest bearing issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

Initial recognition and measurement

The Group's financial liabilities include trade and other payables, loans and borrowings including cash credit accounts and derivative financial instruments like Forward Cover Contracts.

Financial liabilities are classified, at initial recognition, as at fair value through profit and loss or as those measured at amortised cost.

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

Financial liabilities at fair value through profit and loss

Financial liabilities at fair value through profit and loss include financial liabilities held for trading.

The Group has not designated any financial liabilities upon initial recognition at fair value through profit and loss.

De-recognition of Financial Liabilities

The Group de-recognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expired.

2.20 Derivative Financial Instruments

The Group holds derivative financial instruments such as foreign exchange forward contracts generally to mitigate the risk of changes in exchange rates on foreign currency exposures. The counter party for these contracts is generally a bank and these are generally designated as hedges. Any derivative that is either not designated a hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss. Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the statement of profit and loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss. Assets/liabilities in this category are presented as current assets/current liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date. The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date.

2.21 Fair value measurement

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either: • In the principal market for the asset or liability, or • In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole: • Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities • Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable • Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. The Group's management determine the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations. At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Group's accounting policies. For this analysis, the management verify the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.22 Investment Properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on evaluation every three years performed by an accredited external independent valuer, at every 3 years rest, by applying a valuation model recommended by the International Valuation Standards Committee.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

2.23 Cash & Cash equivalents and Short Term deposits

Cash and Cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, as they are considered an integral part of the Group's cash management.

2.24 Research and Development Costs

Research costs are expensed as incurred. Development expenditure on an individual project are recognized as an Intangible asset when the Group can demonstrate; (i) Technical feasibility of completing the intangible asset so that the asset will be available for use or sale (ii) It's intention to complete and its ability and intentions to use or sell the asset (iii) How the asset will generate future economic benefits (iv) the availability of resources to complete the asset (v) the ability to measure reliably the expenditure during development.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortized over the period of expected future benefits. Amortization expenses is recognized in the Statement of Profit and Loss. During the period of development, the asset is tested for impairment annually.

2.25 Cash dividend to equity Shareholders:

The Group recognises a liability to make cash or distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.26 Dividend on Preference Shares

Dividend including Dividend Distribution Tax thereon Rs.8.44 Lakhs for the year ended 31st March 2019 (Previous year Rs. 8.21 Lakhs) are accounted for under finance charges.

(ii) Guarantees issued by banks	12137.40	42.80	
(iii) Claims against Group not acknowledged as debts	55.76	55.76	

The Group has reviewed all its pending litigations & proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable. The Group does not expect the outcome of these proceedings to materially adverse effect.

The Group has received Differential Duty demand of Rs.14.33 Crores (on Import of crude/un-refined Sulphur during the period 2004-2005 to 2008-2009, provisionally assessed then), at concessional rate of Basic Customs Duty in term of Entry at Sr. No. 60 of Notification No. 21/2002- Cus dated 01.03.2002 which granted concessional rate of basic customs duty on the import of "Crude or unrefined Sulphur" falling under Chapter Sub-heading No. 2503 00 of Customs Tariff). The Group has now filed Appeal before CESTAT being Appeal No. C/89904/2018 – DB dated 2nd January 2019 (against the Order dated 07.02.2018 of the Commissioner (Appeals), Mumbai) and deposited an amount of Rs.1.43 Crores (being the 10% of the alleged demand of differential duty of Rs. 14.33 Crores), as a condition precedent for the Appeal before the CESTAT. The Appeal is pending at CESTAT, Mumbai, and will come up for hearing in course of time. Based on the legal advice the Group is confident to successfully succeed in the appeal.

The Group had imported Rock Phosphate (for the manufacture of Fertilizer viz. Single Superphosphate) and the Bill of Entry for the consignments of Rock Phosphate imported during the period 2005-2006 to 2007-2008, were provisionally assessed and goods were allowed to be cleared with "Nil" Special additional Duty (SAD for short) falling under Chapter heading, Sub-heading or tariff item "31 or any other chapter" of the first Schedule of Customs Tariff. Subsequently, the Department raised an alleged demand of Rs.1.21 crores on account of the enhancement of declared value (Invoice value on which duty was assessed provisionally) and denial of 'Nil' (SAD) under Notification- 20/2006-Cus dated 1.3.2006 on the alleged ground that the Group had allegedly failed to submit the relevant documents which could prove that the imported Rock Phosphate was used for the manufacturing of "fertilizer". The Group has now filed Appeal before CESTAT being Appeal No. C/89910/2018 – DB dated 2nd January 2019 (against the Order dated 07.02.2018 of the Commissioner (Appeals),Mumbai.)and deposited an amount of Rs.12.16 Lakhs being the 10% of the alleged demand of Rs. 1.21 Crores. The Appeal is pending at CESTAT , Mumbai and will come up for hearing in course of time. Based on the legal advice the Group is confident to successfully succeed in the appeal.

36 Changes in accounting policies and disclosures

New and amended standards

The Group applied Ind AS 115 for the first time. The nature and effect of the changes as a result of adoption of these new accounting standards are described below. Several other amendments and interpretations apply for the first time in March 2019, but do not have an impact on the financial statements of the Group. The Group has not early adopted any standards or amendments that have been issued but are not yet effective.

Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 was issued on 28 March 2018 and supersedes Ind AS 11 Construction Contracts and Ind AS 18 Revenue and it applies, with limited exceptions, to all revenue arising from contracts with its customers. Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Ind AS 115 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers. The standard also specifies the accounting for the incremental costs of obtaining a contract and the costs directly related to fulfilling a contract. In addition, the standard requires extensive disclosures.

The Group adopted Ind AS 115 using the modified retrospective method of adoption. The change did not have a material impact on the financial statements of the Group.

Appendix B to Ind AS 21 Foreign Currency Transactions and Advance Considerations

The appendix clarifies that, in determining the spot exchange rate to use on initial recognition of the related asset, expense or income (or part of it) on the de-recognition of a non-monetary asset or non-monetary liability relating to advance consideration, the date of the transaction is the date on which an entity initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, then the entity must determine the date of the transactions for each payment or receipt of advance consideration. This Interpretation does not have any impact on the Group’s financial statements.

Amendments to Ind AS 40 Transfers of Investment Property

The amendments clarify when an entity should transfer property, including property under construction or development into, or out of investment property. The amendments state that a change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. A mere change in management’s intentions for the use of a property does not provide evidence of a change in use. These amendments do not have any impact on the Group’s financial statements.

Amendments to Ind AS 12 Recognition of Deferred Tax Assets for Unrealised Losses

The amendments clarify that an entity needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions on the reversal of that deductible temporary difference. Furthermore, the amendments provide guidance on how an entity should determine future taxable profits and explain the circumstances in which taxable profit may include the recovery of some assets for more than their carrying amount.

NOTES TO THE CONSOLIDATED STATEMENT OF PROFIT AND LOSS ACCOUNT FOR THE YEAR ENDED 31ST MARCH, 2019

Entities are required to apply the amendments retrospectively. However, on initial application of the amendments, the change in the opening equity of the earliest comparative period may be recognised in opening retained earnings (or in another component of equity, as appropriate), without allocating the change between opening retained earnings and other components of equity. Entities applying this relief must disclose that fact.

These amendments do not have any impact on the Group as the Group has no deductible temporary differences or assets that are in the scope of the amendments.

37 Corporate Social Responsibility

As per section 135 of the Companies Act, 2013, a Group meeting the applicability threshold needs to spend at least 2% of its average net profits for the immediately preceding three financial years on Corporate Social Responsibility (CSR) activities. Due to the average Net Profit of the Group is being negative, Group is not required to spent any amounts towards Corporate Social Responsibility (CSR) activities during the year.

38 Earning Per Share:

EPS amount are calculated by dividing the profit for the year attributed to Equity holders of the parents by weighted average number of Equity shares outstanding during the year.

39 Risk management framework

The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group, through three layers of defense namely policies and procedures, review mechanism and assurance aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations. The Audit committee of the Board with top management oversee the formulation and implementation of the Risk management policies. The risks are identified at business unit level and mitigation plan are identified, deliberated and reviewed at appropriate forums.

A Financial risk management

The Group has exposure to the following risks arising from financial instruments:

- credit risk (see (i));
- liquidity risk (see (ii)); and
- market risk (see (iii)).

i. Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counter party to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers, loans and investments. The carrying amount of financial assets represents the maximum credit risk exposure.

Trade receivables

The Group has established a credit policy under which each new customer is analysed individually for creditworthiness before the payment and delivery terms and conditions are offered. The Group's review includes external ratings, if they are available, financial statements, credit agency information, industry information and business intelligence. Sale limits are established for each customer and reviewed annually. Any sales exceeding those limits require approval from the appropriate authority as per policy. In monitoring customer credit risk, customers are grouped according to their credit characteristics, including whether they are an individual or a legal entity, whether they are a institutional, dealers or end-user customer, their geographic location, industry, trade history with the Group and existence of previous financial difficulties.

NOTES TO THE CONSOLIDATED STATEMENT OF PROFIT AND LOSS ACCOUNT FOR THE YEAR ENDED 31ST MARCH, 2019

Expected credit loss for trade receivables:

The Group based on internal assessment which is driven by the historical experience/ current facts available in relation to default and delays in collection thereof, the credit risk for trade receivables is considered low. The Group estimates its allowance for trade receivable using lifetime expected credit loss and accordingly provision is made for the doubtful debts.

Expected credit loss on financial assets other than trade receivables:

With regards to all financial assets with contractual cash flows other than trade receivable, management believes these to be high quality assets with negligible credit risk. The management believes that the parties from which these financial assets are recoverable, have strong capacity to meet the obligations and where the risk of default is negligible and accordingly no provision for expected credit loss has been provided on these financial assets.

ii. Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group's finance and accounts department is responsible for managing the short term and long term liquidity requirements. Short term liquidity situation is reviewed daily. Longer term liquidity position is reviewed on a regular basis by the Board of Directors and appropriate decisions are taken according to the situation.

iii. Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates that will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Currency risk

The Group is exposed to currency risk to the extent that there is a mismatch between the currencies in which sales, purchases and borrowings are denominated and the functional currency of the Group. The currencies in which the Group is exposed to risk are generally USD and EUR. The Group follows a natural hedge driven currency risk mitigation policy to the extent possible. Any residual risk is evaluated and appropriate risk mitigating steps are taken, including but not limited to, entering into forward contract.

Sensitivity analysis

A reasonably possible strengthening (weakening) of the USD and EUR against all other currencies at 31 March would have affected the measurement of financial exposure denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact on forecast sales and purchases.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk because funds are borrowed at both fixed and floating interest rates. Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate. The borrowings of the Company are principally denominated in rupees of fixed rates of interest. The Company has exposure to interest rate risk, arising principally on changes in base lending rate.

43 Standards issued but not yet effective up to the date of Financial Statements

Standards issued but not yet effective:

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Group's financial statements are disclosed below. The Group intends to adopt these standards, if applicable, when they become effective. The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard:

I) Ind AS 116 Leases

Ind AS 116 Leases was notified by MCA on 30 March 2019 and it replaces Ind AS 17 Leases, including appendices thereto. Ind AS 116 is effective for annual periods beginning on or after 1 April 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset.

Lessees will be also required to remeasure the lease liability upon the occurrence of certain events (e.g., a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset.

Lessor accounting under Ind AS 116 is substantially unchanged from today's accounting under Ind AS 17. Lessors will continue to classify all leases using the same classification principle as in Ind AS 17 and distinguish between two types of leases: operating and finance leases.

The Group intends to adopt these standards from 1 April 2019. The impact on adoption of Ind AS 116 on the financial statements is given below. Ind AS 116 also requires lessees and lessors to make more extensive disclosures than under Ind AS 17.

Transition to Ind AS 116

The Group is proposing to use the 'Modified Retrospective Approach' for transitioning to Ind AS 116, and take the cumulative adjustment to retained earnings, on the date of initial application (April 1, 2019). Accordingly, comparatives for the year ending or ended March 31, 2019 will not be retrospectively adjusted. The Group has elected certain available practical expedients on transition.

The Group is evaluating the requirements of the amendment and the effect on the financial statements is being evaluated.
